

The End of the Road?

AN OPEN DISCUSSION TO FIND A BETTER WAY FORWARD
plus CPRE Somerset AGM

Thursday 12th October 2017, 1.00 - 3.30pm
St James Church Hall, Taunton TA1 1JS

Somerset is facing major road building proposals yet CPRE's research shows that new roads simply generate more traffic, do not help the local economy and damage landscapes. We need better investment in public transport, walking & cycling.

Speakers include:

Campaign to Protect Rural England, Campaign for Better Transport, and local groups - Back On Track & Garden Town Not Bypass Town

All welcome. Places must be booked in advance:
